SUMMARY OF EVENT TYPES

Stroke: Players count the shots taken to hole the ball. Handicaps are deducted from the total score at the end of the game.

NOTE: All C Grade (Handicap 19 and above) players will play from the forward tee (blue/white) on the 5th hole during all individual stroke competitions.

2BBB Stroke: As for Stroke except that handicap shots are taken at the appropriate holes to determine the team score (the better of the two) for the hole.

Hijack: As for 2BBB Stroke except that the team score is the best stroke score for the first 6 holes, the worst stroke score for the second 6 holes, and the sum of the partners stroke scores for the last 6 holes.

Stableford: Points are awarded based on handicap on each hole - a par, after handicap, gaining two points. Each shot under handicap gains an additional point, each shot over handicap loses a point. The minimum score on a hole is zero points. The Index on the scorecard is used to determine how many handicap shots a player gets on a hole.

2BBB Stableford: As for Stableford, but as a team. The best Stableford score for each two player team counts as the team score on each hole.

2BWB Stableford: As for 2BBB Stableford, except the worst score of the two team members counts as the team score on each hole.

Aggregate Stableford: As for Stableford for each player, the team score being the total of the individual players scores on each hole.

Stableford Multiplier: As for Aggregate Stableford, except that the points of the two players are multiplied rather than added.

Ransom: As for Stableford, but with the team score being determined by the best score for the first 6 holes, the aggregate (sum total) score for the second six holes, and the multiplied scores of the players for the last six holes.

Irish Stableford: Team event for 4 players, each scoring as in individual Stableford. For the first 6 holes the team score is the best score in the group. For holes 7 to 12 the team score is the sum of the two best scores in the group. For the last 6 holes the team score is the sum of the best three scores in the group.

Par: As for Stableford, except a nett par scores a square or zero. Less than nett par scores a plus (+), over nett par scores a minus (-).

Par Bonus: As for Stableford, 1 point or less scores a minus(-), 2 points scores a square or zero, 3 points scores a plus (+), 4 points scores a double plus (++), 5 points scores a triple plus (+++).

2BBB Par Bonus: As for Par Bonus, with the better score of each partner being the team score for each hole.

Aggregate Par: As for Par Bonus, but with the sum of the two players scores being the team score for each hole.

Par Bisque: As for Par except that the player is able to allocate handicap strokes as desired over the course. This must be done at the completion of the each hole.

Foursomes: Players take turns hitting the one ball until it is holed. Players take alternate tee shots. Handicap is $\frac{1}{2}$ of the Aggregate Handicap.

Canadian Foursomes: As for Foursomes except both players tee off - then select one of these balls and play alternately until it is holed. The player whose ball is not selected plays the second shot. Handicap is $\frac{3}{8}$ of the Aggregate Handicap.

American Foursomes: As for Canadian Foursomes except that after playing their tee shot, each player then hits their partners ball before deciding which ball shall become the one to play out the hole. Handicap is $\frac{3}{8}$ of the Aggregate Handicap.

Ambrose: In 2, 3 or 4 ball Ambrose each player in the team hits each shot. The team then decides which shot they wish to take and all players then hit from that location. The team handicap is deducted at the end of the round. Handicap is $\frac{1}{4}$ of the Aggregate Handicap for 2 players, $\frac{1}{6}$ of the Aggregate Handicap for 3 players and $\frac{1}{8}$ of the Aggregate Handicap for 4 players. 3 tee shots for a team of 2, 4 tee shots for a team of 3 and 6 tee shots for a team of 4.
